

Radioddity FS-T1 **FRS** Two-Way Radio Long Range License-Free Walkie Talkies NOAA, 22 Channels 154 Privacy Codes with Earpiece, USB Charging, 2 Pack **\$34.99** (Amazon)

Product details

Brand	Radioddity
Color	Black
Number of Channels	22
Number of Batteries	2 Lithium Ion batteries required. (included)
Tuner Technology	UHF
Compatible Devices	Works with all FRS radio on the same frequency.

- No license required, just press to talk with your group members on the same channel right out of box. Easy to use even for beginners and kids. Perfect for family, outdoor and household.
- Unlike other FRS radios, FS-T1 shows the frequency you are operating instead of only showing channel number. Clear information makes the radio operation easier. It also has Dual Watch mode, allowing to monitor on two channels at once.
- Equipped to receive the NOAA weather/all hazard report, with the addition of VOX (hands-free talking) and flashlight features, FS-T1 would be a great emergency kit for outdoor.
- 1500mAh rechargeable battery and 2-in-1 USB charging cable support faster and safer charging; 154 privacy codes provide you a securer communication.
- Compact and lightweight, easy to carry it with lanyard or clip it on pocket/belt. Coming with 2 earpieces, convenient and thoughtful for you in security work, fishing, hunting and any noisy or quiet occasions.
